

Emplace

Management

Jeroen Vuister – Managing Director

Jeroen is the founder and owner of Emplace.

Twenty years of experience made him senior manager, executive and entrepreneur.

In that period he successfully organized and managed sales, marketing, product management, operations, business development, channels and strategic alliances.

Working for a range of companies Jeroen proved adept in ICT and technical solutions.

He has an interest in modeling and simulation software and he soon discovered the power of geo related applications and services, such as LBS, ITS, CAD and GIS.

Jeroen enjoys identifying new sales opportunities. His creative leads generation got businesses started and brought them growing revenue.

Companies where he served sales teams, partnerships and end users include ESRI, Webraska Mobile Technologies, AND Automotive Navigation Data and Transoft Solutions.

Jeroen brings Emplace ten years of multi-national business expansion, crossing geographic borders and cultures. Jeroen speaks 5 languages (English, French, German, Spanish and Dutch), which facilitates Emplace' international communication.

Jeroen is based in Rotterdam, the Netherlands and can be contacted at info@emplace.eu or via telephone on +31 649 993 593
